Executive Order No. 2003-18 requires that applicants must either have passed an examination or have five years of legal experience as an attorney in the field of workers' compensation. Please indicate below how you qualify:

☐ I have previously passed the examination. The approximate date on which I took the exam was _____. (The Workers' Compensation Magistrate Exam is acceptable for this purpose.)

☐ I wish to take the examination on February 4, 2005.

☐ I have five years of legal experience as an attorney in the field of workers' compensation.

All applicants must complete the table below. Obviously, however, this is of great importance to applicants basing their eligibility on five years of legal experience.

The Executive Order provides:

To meet this requirement, a person must document to the new QAC a period of time totaling at least 5 years during which the person met at least one of the following criteria:

(**i**) A significant portion of the applicant's personal practice has been in active worker's compensation trial practice representing claimants or employers.

(**ii**) A significant portion of the applicant's personal practice has been in active worker's compensation appellate practice representing claimants or employers.

(**iii**) Service as a member of the Board of Magistrates, the former worker's compensation appeals board provided for under the Worker's Disability Compensation Act of 1969, 1969 PA 317, MCL 418.101 to 418.941, the Former Worker's Compensation Appellate Commission, or the new Workers' Compensation Appellate Commission.

Please enter which of the above categories under which you qualify (enter i, ii, or iii) and the time period for that category. For each time period, indicate the approximate percentage of your working time that was devoted to workers' compensation, the approximate number of workers' compensation cases that you worked on, and if it was a trial practice, the name of the magistrate or magistrates before whom you most frequently practiced.
